BCsBestBnBs Goes Mobile

BCsBestBnBs.com goes Mobile!!! We are the FIRST Bed and Breakfast Association in Canada to have a fully mobile version of our website.

We are thrilled to announce that the B.C. Bed & Breakfast Innkeepers Guild now has a fully mobile version of our website. This amazing feature detects that a "Smart Phone" is searching for our Bed and Breakfast Guild and brings up a mobile version of the site.

This is a pared down version of our full site and has all the necessary information that our future guests need to make a booking at your property:

- Find a B&B by City, Region or Specials
- View our Blog
- View the Full Version of the Website
- Contact email information for the Guild
- Once your future guest has found the appropriate B&B there is a google map of the city, picture & description. and ability

information, including website links to an event, you can send him the better it is for him. Blogs are very important tool in increasing the searchability of our [Guild Website](#) so please participate in our Website presence.

to get directions, phone numbers & website link.

As always I would love to have your feedback on this feature . If you have a Smart Phone, browse for www.bcsbestbnbs.com and let me know what you think!
